ALEXANDRIA, Va., Oct. 22.—The pure water question, as between the city council and the Alexandria Water Company, was opened this evening in a conference held at the water company's office, in Prince Street, between President Roberts and Diretor Hulfish, representing the water company, and Messrs, Spinks, Curtin, Hill, and Harrison, representing the city council.

The conference was characterized by great courtesy throughout. The representatives of the water company showed themselves anxious to give ail the information possible to the representatives of the city, and to do all that could be done to improve the condition of the water.

It appears that the water before being pumped into the reservoirs is entirely pure and palatable, good country stream water, but after passing through the reservoir and pipes it acquires a disagreeable taste and odor. The water company exhibited an analysis, showing that there is nothing in the water
